

POSITION DESCRIPTION

Directorate: Digital Canberra

Position Number: P00050

Division: Planning, Design and Digital

Classification: Senior Officer Grade B (SOGB)

Business Unit: Design and Strategy

Location: Hybrid working arrangements
(Canberra City, Gungahlin and home)

Position Title: Director, Digital Policy

Last Reviewed: June 2026

Position Requirements: The successful applicant must be an Australian citizen and possess or acquire and maintain an Australian Government Security Vetting Agency (AGSVA) security clearance at the Baseline level as an eligibility qualification. If AGSVA screening is not successful, your employment will not commence or, if already commenced, your employment will be reassessed.

The Australian Capital Territory Public Service (ACTPS) is a values-based organisation where all employees are expected to embody the prescribed core values of respect, integrity, collaboration and innovation, as well demonstrate the related [signature behaviours](#).

DIRECTORATE OVERVIEW

Digital Canberra leads the ACT Government's technology, digital, data, and cyber security services. We strive to improve the lives of Canberrans through delivering and supporting digital government services that are easy to access, save time, and are safe to use. We achieve this while also looking to the future – making technology investment decisions that will transform Canberra into a genuinely connected city.

Digital Canberra leads the implementation of the [ACT Digital Strategy](#) and [ACT Digital Health Strategy](#), manages ICT infrastructure for our hospitals, schools, and public service, and represents the ACT at national digital, data, and cyber security forums.

Digital Canberra has a diverse workforce across many functions and sites. We have an inclusive culture and we ensure our people are respected, valued, and involved.

DIVISION OVERVIEW

Planning, Design and Digital Group plays an important strategic role in realising the ACT Government's vision to transform Canberra into a genuinely connected city.

The group manages the Government's technology investment framework and pipeline, undertakes research and analysis to develop digital policy, provides business analysis and ICT architecture and design services for key Government ICT initiatives. As part of this work, the group is responsible for planning and delivering major ACT Government ICT programs and ensuring good project governance through an Enterprise Portfolio Management Office (EPMO) as well as driving the

digital transformation of ACT services by implementing digital identity solutions that empower our community to access services online, anytime.

BUSINESS UNIT OVERVIEW

Design and Strategy

Design and Strategy Branch offers strategic guidance, design practice, and architecture for software, technology, and data investment. We fast-track strategic solutions for government priorities and deliver key enabling capabilities. The team offers advice on digital services implementation. We help directorates to understand business needs and outcomes, guiding service design phases. We guide solutions, capabilities, and products for shared platforms, services, and integrations, ensuring well-supported solutions and consistent user experiences.

POSITION OVERVIEW

As part of the ACTPS, this role has access to a range of flexible working provisions including hybrid work arrangement primarily based in the Canberra City office (220 London Circuit), the Gungahlin office (Winyu House), and/or home. ACTPS staff also have access to a range of FlexiSpace office locations across Canberra.

As part of the Digital Policy team, the Director, Digital Policy is responsible for the development and provision of high quality, evidence-based strategic policy advice relating to ICT and digital matters in line with government priorities and outcomes.

This role requires high level expertise in preparing written documentation (both strategic and routine) in a government setting, strong liaison and stakeholder relationship skills, and the ability to exercise initiative, sound judgement, and critical thinking and analysis to current and future policy challenges.

This role works collaboratively with the DSB team, all areas of DCBR, and with colleagues across directorates to ensure earlier visibility and understanding of the ICT and digital implications of initiatives across government and nationally, influencing and supporting strategic decision-making.

WHAT YOU WILL DO

1. Provide strategic and tactical policy advice to support the design, development and delivery of government priorities and outcomes that have ICT and digital considerations.
2. Collaborate between policy areas across government and senior management to ensure policy-related matters are joined up and support the whole of government ICT and digital agenda.
3. Liaise and consult with a range of government stakeholders on ICT and digital policy issues, including to support directorate legislative, policy, and service delivery priorities prior to government consideration.

4. Provide advice via a range of concise and well written documents (such as reports, briefing papers, Cabinet submissions and discussion papers), and verbally via meetings and presentations to a range of audiences, including senior executives and Ministers.
5. Create policy and strategy materials that are consistent, user-friendly, relevant, up to date and in line with whole of government guidelines, policies and procedures.
6. Effectively represent the views and positions of DCBR and the ACT Government at meetings and forums, including negotiating and advocating on complex issues.
7. Actively contribute to the work of the DSB Directors team (led by the Executive Branch Manager, Design and Strategy) to set clear directions and support the Branch to deliver agreed priorities. This includes actively supporting ongoing transformational activities within DCBR.
8. This position may involve the direct supervision of staff and reports to the Senior Director, Digital Policy.

WHAT YOU REQUIRE

The following skills, knowledge and capabilities form the selection criteria that are required to perform the duties and responsibilities of the role.

Professional / Technical Skills and Knowledge

1. Excellent communication skills, including the ability to write persuasively for a range of government audiences, verbally communicate influentially and clearly, to listen well, and utilise visual graphics to support the easy absorption of complex information.
2. Highly developed policy or strategy formation skills including the ability to work effectively with a range of policy development approaches and provide clear evidence-based advice that influences strategic direction.
3. Demonstrated strategic and conceptual thinking skills, including experience in undertaking high-level policy research, and the ability to critically analyse complex information and extract key points.

Behavioural Capabilities

1. Demonstrated leadership and people management experience, including the ability to build capability and to inspire and motivate others to achieve the best outcomes for DCBR and government.
2. Ability to establish and maintain effective strategic relationships with a broad range of stakeholders, including executive stakeholders, through collaboration, engagement, responsiveness, and influence.
3. Adaptability to changing circumstances and multiple priorities and demands, including the ability to deliver under tight timeframes.
4. A record of identifying and implementing innovative approaches to improve business outcomes and embrace new ways of working.

Compliance Requirements

The following is a mandatory requirement for the position:

1. Current Baseline security clearance issued by the Australian Government Security Vetting Agency (AGSVA) or ability to obtain and hold an AGSVA Baseline security clearance is mandatory.

The following are not requirements for the position:

1. This position does not require a pre-employment medical.
2. This position does not require a Working With Vulnerable People check.
