Our Role: to be a health service that is trusted by our community

Our Values: Reliable, Progressive, Respectful and Kind

Canberra Health Services (CHS) is focussed on the delivery of high quality, effective, person centred care.

It provides acute, sub-acute, primary and community-based health services, to the Australian Capital Territory (ACT)—a catchment of approximately 400,000 people. It also services the surrounding Southern New South Wales region which includes the Bega Valley, Bombala, Cooma-Monaro, Eurobodalla, Goulburn, Mulwaree, Palerang, Queanbeyan, Snowy River, Upper Lachlan Shire and the Yass Valley.

CHS administers a range publicly funded health facilities, programs and services including but not limited to:

The Canberra Hospital: a modern 600-bed tertiary hospital providing trauma services and most major medical and surgical sub-specialty services.

University of Canberra Hospital Specialist Centre for Rehabilitation, Recovery and Research: a dedicated and purpose-built rehabilitation facility, with 140 inpatient beds, 75-day places and additional outpatient services.

Four Walk-in Centres: which provide free treatment for minor illness and injury.

Seven community health centres: providing a range of general and specialist health services to people of all ages.

A range of community-based health services including Early Childhood Services, Youth and Women's Health, Dental Health, Mental Health, Alcohol and Drug Services. Overview of the work area and position.

Overview of the work area and position:

An exciting opportunity exists for entry into the psychology registrar program for Mental Health, Justice Health and Alcohol and Drug Services (MHJHADS).

MHJHADS provide health services directly and through partnerships with community organisations. The services provided range from prevention and treatment to recovery, maintenance of wellbeing and harm minimisation. The participation of people accessing our services, their families and carers is encouraged in all aspects of service planning and delivery. The Division works in partnership with a range of government and non-government service providers to ensure the best possible outcomes for clients.

The Division delivers services at several locations, including hospital inpatient and outpatient settings, community health centres, detention centres, other community settings including peoples' home. These services include:

Adult Acute Mental Health Services

Adult Community Mental Health Services

Alcohol and Drug Services

Child and Adolescent Mental Health Services (CAMHS)

Justice Health Services, and

Rehabilitation and Specialty Services

The Access Mental Health Team (AMHT) aims to improve the mental health and wellbeing of people who are residing in the Australian Capital Territory by facilitating access to high-quality, integrated mental health services. The AMHT provides a centralised access process with the aim of providing an identified service entry point to undertake 24-hour triage and a thorough mental health assessment that will link people with the services that most appropriately meets their needs. This will ensure that people are able to access the right mental health service at the right time. AMHT aims to optimise recovery through the provision of an excellent community mental health care service. AMHT incorporates the guidelines and principles outlined in the Adult Community Model of Care, ensuring that the teams' practice is current and is keeping pace with the changes occurring in the greater MHJHADS teams. The AMHT function is critical to identify and mitigate potentially life-threatening risks for people calling the service. The role is a Clinical Psychology Registrar position comprising up to a two-year advanced practice graduate program. The role will provide a range of assessment and treatment services to assist people in the ACT that present with mental health concerns. The successful applicant will also be provided with an opportunity for supervision to meet Psychology Board of Australia standards for working towards an area of practice endorsement as a Clinical Psychologist. At the end of the two-year registrar program, consideration for ongoing appointment as a Health Professional Level 2 is contingent on successful recruitment through a merit selection process. The position reports to a Team Leader who is based on site in the health centre and is supported by a cohesive multidisciplinary team (including Nurses, Social Workers, Occupational Therapists, Psychologists, Psychiatrists, Allied Health Assistants). The position will professionally report to the MHJHADS Principal Psychologist.

Eligibility/Other Requirements:

Mandatory:

Hold general registration with the Psychology Board of Australia under AHPRA.

Hold an area of practice endorsement in Clinical Psychology.

Prior to commencement successful candidates will be required to:

Comply with CHS credentialing and scope of clinical practice requirements for allied health professionals.

Comply with CHS Occupational Assessment, Screening and Vaccination policy, (OMU).

Undergo a pre-employment National Police check.

Note: This is a temporary position available for two years. This position may be required to participate in an overtime, on call, and/or rotation roster.

Canberra Health Services is a values-led Directorate. Our values guide our day-to-day actions, behaviours, decisions and communications to successfully deliver the best services to meet the needs of our community. They were developed by us, for us and are unique to our work.

Canberra Hospital and Health Services provides acute, sub-acute, primary and community-based health services to the ACT and surrounding region.

The key strategic priority for acute services is to deliver timely access to effective and safe hospital care services. The hospital delivers a full range of medical, surgical and obstetric services, including complex procedures in areas such as cardiac surgery, neurosurgery and neonatal intensive care.

Strong links exist between hospital and community-based services, as many of the operational divisions deliver services across the continuum of care to ensure continuity of care for patients. The community-based services of Canberra Health Services include early childhood, youth and women's health; dental services, rehabilitation and community care; mental health and alcohol and drug services. In addition, justice health services are provided within the Territory's detention facilities.

Canberra Health Services is a partner in teaching with the Australian National University, the University of Canberra and the Australian Catholic University.

Overview of the work area and position:

Forensic Mental Health Services is a contemporary evidence-based service providing high quality mental health care that is guided by principles of Recovery. The service aims to provide collaborative care involving the consumer, their carers and other key services. At this level it is expected that you will provide, under limited supervision, high quality care to achieve sound outcomes for consumers particularly with regards to suicide and self harm. It is an expectation that you will contribute your expertise to the multidisciplinary team, provide supervision to Registered Nurse Level 2 staff and support the Team Leader. You will be required to undertake professional development and supervision and participate in quality initiatives and contribute to the multidisciplinary team processes.
